## CARL WATTS AND THE PRO GOLF SYSTEM WILL TEACH YOU HOW TO CHANGE THE WAY YOU THINK...

...about your game & how you learn, and provide you with the knowledge you need to get inspired and change your golf for the better! Learn how to stop wasting shots, build a foundation and create a more consistent and enjoyable game. The Pro Golf System tuition break with Carl Watts will show you how.

There will be a particular focus on consistent scoring which will include:

- Warm Up Routine
- Game Plan and Strategy
- Putting "Holing Out and Green Reading"
- Chipping & Pitching System
- Swing "Your Secret Move"
- Handling Pressure
- Round Diagnosis

Each morning is designed to cover all these points, the afternoon consists of testing your game with a 9 hole competition followed by a round diagnosis, helping you to understand why shots are dropped. This is not your normal tuition break of 18 holes every day and little time to practice, the Pro Golf System aim is simple, to have the time to ingrain new routines and habits then to test them.
